Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

Allowable Subject Matter

1. Claims 1-15 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the applicant has amended to add the limitation that "the continuous electrode pattern for adsorbing an ionic impurity is provided on only one of the substrates and is at least partially coplanar with the pixel electrodes". Neither *Kikuchi* nor *Tanaka* discloses a continuous electrode pattern surrounding the display pixel area on all sides on only one of the substrate. *Kikuchi* shows the pattern on both substrates along only one edge, while *Tanaka* shows a discontinuous pattern which is on the lower substrate on the right and left sides, while on the upper substrate on the top and bottom sides. Claim 1 is therefore allowable, as are claims 2-7, 11, and 14 which depend on it.

Similarly, the applicant has amended claim 10 to add the limitation that the electrode pattern is "on only one of the substrates, said pattern being coplanar with the pixel electrodes". Since the claim recites the electrode pattern being on only one of the substrates, and both *Kikuchi* and *Tanaka* disclose having it on both substrates, claim 10 is also allowable.

Claims 9, 12, and 13 recite the electrode pattern for adsorbing an ionic impurity being only along 2 or 3 particular sides of the display, which is not disclosed by the prior art (*Tanaka* discloses the electrode pattern on all four sides, *Kikuchi* discloses it only on

one side, that recited by the present claim 10). Claims 9, 12, and 13 are therefore allowed.

Claim 8 recites an electrode pattern for adsorbing an ionic impurity provided over the insulating film divided into a plurality of segments all on the same substrate, which is not disclosed by the prior art, so it is allowed.

Claim 15 recites an electrode pattern for adsorbing an ionic impurity provided over the insulating film so as to surround the display pixel area on all sides thereof, which is not disclosed by the prior art, so it is allowed. As noted in the Interview Summary (Paper No. 16), the claim requires that the electrode pattern surrounding the display pixel area be on a single substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
